Lightlord Metatron speaks about the Golden Lotus Pendant in a channelling

The Golden Lotus of the New Earth is the information, the Genesis Coding, of the New Earth. All the original codes of the creation of the fifth dimension are engraved in this Golden Lotus. They unfold in your light body, in every chakra, in every energy body and in the multidimensionality of your being.

The Golden Lotus brings you the golden timeline that was born out of the Heart of God and already exists.

Through you, the new Genesis Codes will then be brought to Earth, into manifested presence.

At the same time, you are being uplifted and tuned into the frequency of the new Earth. Your whole system is now vibrating to the frequency of perpetual and ever new joyful manifestation experiences.

This Lotus Pendant helps you to anchor the golden matrix of the new Earth within you and at the same time to already exist in it. It takes you out of the consciousness matrices of the old experiences and opens up the infinite luminous possibilities that the Holy Spirit gives to the new Earth. It is a manifestation field of the Golden Age. Because your soul has now matured, it can accept this with joy and ease.

How you can energetically work with the Golden Lotus Pendant

Aura Pendant:

You can wear the Golden Lotus as an aura pendant on a chain around your neck and the loving and grounding energy will stream into your aura. Your chakras are flooded with light energies, let go of old burdens and transform.

This Lotus Pendant guides you through challenging and difficult times in your life, eg. sudden changes in your life circumstances or when you feel hopeless and can no longer build a good perspective for the future. Always carry the Golden Lotus Pendant with you in these times and actively ask Metatron for light guidance and grounding.

If you feel that you are getting worse again, do not let yourself fall into suffering. Instead, reconnect each time with Metatron and the heart of Mother Earth that carries you. Ask for an intensive activation of your Lotus Pendant and, best of all, do a meditation to cleanse your downward spiral of thoughts and feelings. Also ask for liberation from negative influences of all kinds.

Higher development of the light body (e.g. for transformation of energetic blockages, energy flow in the aura, harmonious balancing of emotions, harmonious balancing of thoughts, grounding):

You can use the Golden Lotus Pendant in meditations, in private and professional energy work. It is ideal for harmonizing and stabilizing the chakras. Simply place it on a desired chakra, eg. on the Sacral or Root Chakra, or take it in your hand. Then connect with Archangel Metatron and ask him to transform the negative energies together with you and to clear your aura. You can ask, for example, that your chakras be freed and cleansed of all the burdens that are weighing you down right now and that keep throwing you off track. Open yourself so that your feelings and thoughts are balanced again and Metatron can lead you back into your centre.

Manifestation of private and professional projects:

If you have a vision, write it down on a piece of paper with all your ideas and wishes (e.g. protection for the project, smooth processes) and place the Golden Lotus Pendant on it. Then connect with Metatron and Mother Earth and present your requests. It is best to leave your Pendant on the sheet and work on the project until it is completed. Repeat your wishes and requests again and again so that the energies are allowed to radiate in stronger each time.

Frequently Asked Questions

What are Light Crystals and Light Diamonds?

They are energetic light tools that give you more energy for your aura, rooms and your daily life. They support your spiritual development and energy work. The more you use them and integrate them into your life, the stronger you can utilize their light potential.

The high vibrating energy is manifested by angels, Ascended Masters and further illuminated beings and placed into the Litos products (energy carriers are glass, zirconia and other natural materials). Therefore each Light Crystal and Light Diamond is connected with one or more light beings, who lovingly take you by the hand, accompany you and guide you in your next evolutionary step.

The Light Crystals and Light Diamonds support your soul evolution, for they are divine healing crystals for the aura and soul.

Do the Light Crystals and Light Diamonds need to be energetically cleansed and charged?

The Light Crystals and Light Diamonds neither need to ever be cleared nor charged (eg. like batteries or gemstones). During the energization process, they have been infused and blessed by angels with their high vibrating energies. What an angel has once touched and blessed remains connected with the divine for eternity. After the energization, the Light Crystals and Light Diamonds are continuously connected to light beings and have the ability themselves to radiate this energy. Their light vibration is so high and pure that no low-vibrating energies can attach to them, rather they are transformed.

Which is the most appropriate Light Crystal or Light Diamond for me, my child, my house, etc.?

Our Litos Partners can gladly give you a non-binding consultation about your issue with practical suggestions and tips (eg. in person, per email, over the phone).
