### **Excerpt from the Channelling by Lightlord Metatron with Mother Mary:**

A diamond leads you to infinity; it boundlessly resolves every issue that you address through time, space and dimension. It is a supreme energy from Oneness, from the All-mightiness and All-love of God which is flowing to you enabling you to transcend the ego and every issue, whatever it may be, at the higher level; you may redeem it within the plane of the Masters and Archangels, the Ascended Masters, Seraphim and Cherubim of God. Therefore, you will be ascended to the freedom of the Holy Spirit and it finally sets you free.

And you shall see everything with your heart, with the eyes of God. You shall behold the entire Earth with the heart of the Primordial Goddess and her aspect, Mother Mary, who bears this eternal love for the entire creation within herself. Pure and eternal, pristine is her love for the entire creation. Every life form and every living being which has ever walked upon this Earth has ever entered the Earth's sphere dwells within the heart of the Goddess. **This Earth was created in her love and born from her heart ...**

Thus Mother Mary places this pink coloured diamond, the holy flame of unconditional love, devotion and forgiveness on the altar of your heart and leads you to the freedom of the Holy Spirit, to bliss and the transcendence of your ego structures which will soar up towards the plane of the blessed ones, towards the frequency of the Masters.
