Excerpt from the Channelling by Archangel Metatron:

I, Metatron El Shaddai, show you the splendour of creation. Oh, behold, how everything arising from the unmanifested love of God aligns into its correct order. It is the Flower of Life or the Divine Matrix – the order of all things, the order of the universe, the order of love ... And I, Metatron, stand at the gate to the manifested universe – the divine Primordial Creation Spirit. I hold the Divine Matrix in my hands and when you connect with this Divine Matrix, you will be raised up to the plane of Ain Soph and All-That-Is. You connect with everything you are, with your Divine Oneness, your Divine Matrix. You are the universe and the universe is within you – the Light Universe, the universe of the spirit. I stand at the portal to the Kingdom of Heaven, the gate of creation, the gate of Ain Soph.

Everyone entering the manifested universe passes through my Creation Matrix, and everyone returning to the All-That-Is passes through my Creation Matrix, through my heart. So, beloved, when you are connected with my heart, you pass through the gate of bliss. And so you stand at the entrance of this gate.
