Excerpt of the Channelling from the Golden Master Dragons:

Glimmering at first, then softly rising, the fire is becoming increasingly clearer and is being set free. It is uniting with the Fire of the Holy Spirit, the purest Fire of Love from the heart of God and merging in your Heart Temple in the Flame of the I AM within your divine consciousness, thus creating a mighty Fire of Love burning everything – you may release all old impurities, all old dark experiences of the past into this fire, and we, the Dragons, will assist you. We transfer our abilities to guard, guide and reign the elements to you. We are the masters of the elements, and those who desire to befriend us shall be able to connect with all elements in harmony, so the natural forces shall not turn against him, but shall be with him. Everything you have created contrary to nature or done in the past shall be released and dissolved – this karma and everything you have tried to create contrary to the Divine in your self – shall also be consumed by this Fire of Love ...

The fire in your root chakra is uniting with God's Fire of Love – both flames flow into one another and will be powerfully kindled bringing forth new creation within you and through you. You begin creating your life anew – creating a new foundation underneath you, a new basis. Wherever you are, you may get everything in new order and you may form a whole new basis in the here and now.
