Excerpt from the Channelling by Lightlord Metatron:

This Light Crystal Sphere is the key to the Throne Room of Mother Earth, to her creative power and love. Her pure, divine Lotus shall warmly enwrap you.

You will be deeply touched and be able to see the beauty of All-That-Is in the entire creation on this planet. You may deeply connect with every living being and sense its divinity. Some are even able to speak to minerals, to plants or animals. It opens up new spaces of consciousness and love, allowing you to walk upon this Earth with greater joy, delight and new awareness.

You will experience new spaces of perception and greater love in your life, enabling you to transform and master everything.

The more you integrate this love into everything you would like to accomplish in your life, the more successful, more powerful and joyful every step will be. The love of the Earth Goddess and the love of the Primordial Goddess are embedded in this Lotus: the origin of the Primordial Goddess and the Divinity of Mother Earth. And so it is.
