### ***Excerpt from the Channelling by High Priest Melchizedek:***

Alpha and Omega are one – beginning and end. You have come full circle – so what was once broken will be healed. The broken heart will be healed again. Just as at the beginning when you went out as pure spirits – the Alpha of your beginning. Hence you shall return as perfected beings of creation – the Omega of perfection within you. Alpha and Omega are one within you, healing everything within you; since Alpha and Omega are reuniting – the Fire of the Holy Spirit and the Primordial Flame of Earth are merging within you. God puts His chosen ones into the furnace of holy purification. The last remains of the old ego, the old human being shall be consumed by the fire of this furnace – purified gold within you and around you. Purified gold – immeasurable value.
