Possible Uses:

The Diamond Angel's Gate is wonderful for individual meditations and light work. It also illuminates and harmonizes houses and buildings.

Excerpt from the Channelling by Metatron El Shaddai and Lord Maitreya:

This diamond gateway is an individual light tool vibrating in the diamond light frequency. It connects and carries the soul of light to the multidimensionality of its being, i.e., it will open a gateway to all aspects of its being, it will help you to redeem lost aspects or unredeemed aspects and also to integrate higher master frequencies or higher aspects of light. It also assists this soul of light in supporting other people as it opens a gate to the other seeking soul of light, to its Higher Self, in this diamond vibration at the desired plane. With the help of this gate the owner may also open further gateways in this universe thus enabling this soul of light to go on journeys – spiritual journeys – with ease and to gather Divine experiences and receive enlightening teachings.

Therefore, it is always connected with my heart of light and the diamond temples of the Enlightened Ones of this universe, with our diamond matrix – the diamond matrix of the Enlightened Ones. This soul follows the diamond light path.
