Excerpt from the Channelling from Lightlord Metatron:

The diamond energy of this pendant represents the Choir of Angels that, in a mighty choir, sing Sanctus to the Light Universe in a holy symphony. The mighty harmony and symphony of all the choirs in heaven, that sing from the Source of God in complete unison and in absolute perfection, pours forth into this pendant and is mirrored within it.

Place into everything the Sacred Divine Geometry, the first creation thoughts of God. Place my diamond light vehicle of this the completely divine influence, authority, power of light and radiating power into everything, into this multidimensional template, the divine archetype which all aligns with. All structures recognize the pure, divine, primordial form. All structures within you remember and align themselves once again. Soul and spirit rejoice because they can now rest.

Thousands of years of your spiritual development become aligned with the divine order of the primordial creation and evolution. Everything within you that was either too much or too little now returns to its intended place.

You find your true place in the universe. In this way you enter an inner balance and a deep sense of calmness. Everything that pulled on you, that was either too much or too little, carried a negative or positive charge, now finds harmony and balance, because everything within you aspires for this complete clarity and perfect structure. It is the perfect symmetry and equilibrium, pure harmony and beauty in all forms, structures, energies, realms and dimensions.

I myself, Metatron, enter into you and fulfil the divine plan of the ascension of this Earth, in that I activate all dimensions of Metatron's Cube in you up to the highest primordial light, lowering it and manifesting it in you from light dimension to light dimension.
